

# OPAFUNSO BENJAMIN

## PROFESSIONAL SUMMARY

A skilled Full-Stack Developer proficient in React.JS, Next.JS, Node.JS, and Express.JS, with expertise in MongoDB, Mongoose, and PostgreSQL. Demonstrates a strong ability in responsive web design, REST API integration, and payment gateway integration, alongside deployment and DevOps practices. Adept in Git and GitHub for version control, with additional competencies in WordPress and Webflow. Known for problem-solving and debugging capabilities, aiming to leverage full-stack MERN development skills to drive innovative web solutions.

## CORE SKILLS AND COMPETENCIES

- Proficient in building modern web applications using React.js and Next.js, with a focus on performance and scalability.
- Experienced in backend development with Node.js and Express.js, including RESTful API creation and integration.
- Knowledgeable in MongoDB and Mongoose for efficient NoSQL database design and data operations.
- Integrated payment solutions such as Stripe, Paystack, and Coinbase Commerce for secure online transactions.
- Committed to delivering clean, maintainable code and solving complex problems with practical solutions.

## WORK HISTORY

**FOREVER ECOMMERCE | DEC 2024 - FEB 2025, 12/2024 to 02/2025**

**Personal - Lagos , Nigeria**

- Developed full-featured eCommerce platform with payment integration using Stripe, Paystack, and Pay on Delivery for secure transactions.
- Built RESTful APIs with Node.js and Express for user authentication, product management, and order processing.
- Designed and implemented modern, responsive frontend with React.js, translating UI/UX concepts into intuitive shopping experience.
- **Live Demo:** <https://ben-ecommerce-mern-frontend.vercel.app/>

**Frontend Developer , 05/2024 to 08/2024**

**Kikxbet - Trier , Germany**

- Collaborated with cross-functional team of developers to build responsive and interactive betting platform, focused on delivering real-time sports scores and live data updates.
- Developed frontend using **Next.js**, leveraging its server-side rendering and routing capabilities to enhance performance and SEO.

**MERN stack developer | (Sport Website) , 12/2023 to 03/2024**

**Vipsportbet - Atalanta, United States**
